Ex. 6 - Personal Privacy

Hi Kate,

Can you send the hard copies of modeling materials to me (address below) and the CD to Jim?

Thanks!

Jonathan

response to EPA NOD of October 2016

Jim – thanks for the summary.

Jonathan. Where would you like me to send the following material:

- a hard copy of the responses to comments on the modeling discussion in Attachment A-2
of the application, and
- a copy of the CD containing the responses to all EPA comments in the NOD.

Happy New Year!

Kate

Subject: Summary of kick-off call discussion with Nancy Rumrill regarding the Excelsior
response to EPA NOD of October 2016

Hi Kate,

Nancy and I conferred on December 28 regarding the responses to the major NOD comments and the EPA preferred format for the Cadmus draft comments on the responses. I indicated that we may need more time to complete the review and draft the comments beyond the target week of January 9, but should be able to complete and submit our comments by the week of January 16. We will be prepared to participate in the conference call with Excelsior on January 24.

EPA will provide Cadmus staff with a hard copy of the responses to comments on the modeling discussion in Attachment A-2 of the application and a copy of the CD containing the responses to all EPA comments in the NOD.

Ex. 5 - Deliberative Process

The format of our comment document will replicate the organization and comments in the NOD, followed by a summary of Excelsior's responses to EPA comments and suggested comments on the responses with recommendations for EPA acceptance or requests for additional information or clarification from the applicant. Any comments for background and EPA consideration only will be provided in a separate document. Comments applicable to recommended permit conditions will be omitted from the document intended for the applicant.

Nancy – does this capture the key elements of our conversation?

Thanks,

Jim
